

YOUR NR.1 IN CONTEMPORARY JAPANESE TABLEWARE

We design, craft and distribute top quality oriental tableware for households and businesses worldwide. Our established brand Tokyo Design Studio is inspired by Japanese culture and praised for its refined contemporary designs and high-quality standards.

With design teams located in both The Netherlands and Japan we aim to create a unique and constantly evolving signature. Respecting centuries of porcelain and pottery heritage, we constantly look for unexpected perspectives that help us create the tableware of today and tomorrow.

Our products are authentic by nature. Predominantly made in Japan by artisanal methods perfected over 400 years. Our pad-printed products are baked twice, then decorated one color at a time, glazed, and baked again. Throughout the process a meticulous quality control is applied, making sure each product is of the highest quality.

dragon

Serve with a story. These graceful dragons are an ode to Asian myths, suggesting wisdom and supernatural powers. Drawn on pure porcelain, this tableware is a must-have for dishing out a good traditional ramen or noodles. And after dinner, please don't leave these porcelain pearls behind closed doors. They are true accessories themselves and add a certain finishing touch to all interiors.

kawaii

Kawaii stands for everything that's sweet and originally Japanese. Positivity all over. Loved by young and old, this cheerful print is a necessity in anyone's kitchen. The cute cats and colours add an aspect of joy to your daily menu and spice up the simplest sauce or soup. It's fun, fabulous and very Kawaii.

Product maintenance

Porcelain

All our porcelain is suitable for use in (industrial) dishwashers, microwaves and ovens. Gold decorated items are not suitable for microwave use, due to aggressive rinse and temperatures in dishwashers, golden decorated products are recommend to wash by hand. It is important that you follow the guidelines issued by dishwasher manufacturers. Excessive rinse temperatures and overdosing of washing agents may damage the glaze. Most damage occurs during loading and unloading a dishwasher. Preferably use special dishwasher baskets (racks) that prevent contact with other porcelain items during the wash cycle and at loading/unloading.

When removing food residues beforehand, use a plastic scraper to prevent damage to the glaze. Never use metal objects or cutlery for this.

Stone & Earthenware

All our Stone & Earthenware is suitable for use in (industrial) dishwashers and microwaves, oven use is not recommend as there is a chance of breakage due to temperature shock. It is important that you follow the guidelines issued by dishwasher manufacturers. Excessive rinse temperatures and overdosing of washing agents may damage the glaze. Most damage occurs during loading and unloading a dishwasher. Preferably use special dishwasher baskets (racks) that prevent contact with other porcelain items during the wash cycle and at loading/unloading.

When removing food residues beforehand, use a plastic scraper to prevent damage to the glaze. Never use metal objects or cutlery for this.

Glass

All glasses may be washed in an (industrial) dishwasher. We advise using dishwasher baskets to minimise breakages during the washing cycle and to use a non-caustic cleaning agent when washing the glasses. This is because caustic cleaning agents can damage the surface of the glasses and turn them dull. Always wash new glasses first before initial use. Never wash glasses at temperatures above 60 degrees. Higher temperatures can cause dirt to become baked onto the glass.

Never pour cold liquids into a hot glass as this can cause the glass to shatter. It is also advisable to gently prime a glass with hot water before pouring hot liquid into it.

Wood & Bamboo

Wooden items are not suited to use in an (industrial) dishwasher. The surface of the product can be maintained by regularly rubbing it with vegetable oil.

Wooden items must be washed in warm soapy water and then dried directly.

Wood & Bamboo is a natural product and will show wear and tear after a period of use.

Melamine

Melamine may be washed in an (industrial) dishwasher. Do not use any scouring agents, bleaches, scouring pads or metal objects to clean melamine, as this will leave scratches on the melamine.

Melamine is not suitable for use in the oven or microwave.

Melamine products are suitable for use in a bain-marie or chafing dish. When using melamine in chafing dishes, it is important that you pour sufficient water into the container.

Our melamine products are inspected and tested and approved food safe. Usage temperatures between -20 and 70 degrees.
